

G50 GREEN SUPPLY CHAIN PARTNER

APL is chosen as an Inbound Logistics Green Supply Chain Partner

APL is proud to be included in the prestigious G50 list by Inbound Logistics, which recognizes 50 organizations worldwide for their environmental efforts.

Companies on the list have distinguished themselves by focusing on ways to reduce their carbon footprint and leading the green revolution within the supply chain industry.

APL won recognition for its work in implementing ship speed reductions and low-sulfur fuel usage and introducing new 53-foot containers which increase efficiency and reduce the need for off-dock transloading.
