APL Trans-Pacific

PS1-Pacific South 1 Service *(Eastbound)*

THE APL ADVANTAGE

- Direct linehaul service call in Southern Vietnam provides industry's fastest transit time to the Seattle gateway
- Non-stop service from Shanghai to APL's on-dock rail facility in Seattle provides efficient access to our U.S. intermodal network
- Industry leading on time reliability from Asia to Seattle and the Pacific Northwest ensures that you cargo arrives on schedule
- Eliminate transloading and reduce transit times with APL's Ocean53 container service from South China
- Improved 20 day transit from Singapore to Seattle
