Revenue (US\$m)	2,981	5,882
Volume (million TEUs)	2.6	5.1

Environmental Commitment

Maintains a vigilant approach to environmental management

Undertakes initiatives to reduce environmental footprint:

- ✓ Fleet renewal
- ✓ Use of low sulphur fuel
- ✓ Practice of cold-ironing
- ✓ Optimization of vessel trim, speed and routing
- ✓ Upgrading of cargo handling equipment at terminals

CO₂ emission reduced by 50.7% in 2017*

**Measured against APL's audited baseline set in 2009*

Vertical Expertise

SMARTreefers

A suite of reefer solutions ranging from temperature, humidity and atmosphere management, as well as cold treatment, to keep the fruits and vegetables fresh all the way

SMARTcare

Precise atmosphere management solution to prolong the freshness of commodities

SMARTcare+

Technologically advanced process to extend shelf-life of perishables significantly
