

CMA CGM+

CARE
Protect your business

PHARMA REEFER DIVISION

THE BEST PRESCRIPTION FOR PHARMA TRANSPORT

A GDP* solution to preserve the integrity of pharma products during shipping.

*Good Distribution Practice: quality standard recommended by the European Commission, ensuring that the quality and integrity of pharmaceutical products are maintained throughout shipping.

YOUR BENEFITS

sealed equipment and risk assessment prior to commercial offer.

REINFORCED SECURITY

A limited number of handling points,

HIGHEST STANDARD IN THE INDUSTRY

GDP compliance, ISO 9001:2015 certification for CMA Ships (our fleet management subsidiary), selection of the best business partners and subcontractors in the industry.

RISK CONTROL

Reefer spare parts on board, 24/7 technical support and additional tracking facility available.

HOW DOES IT WORK?

- Security Procedures: Pre-Trip Inspection (PTI); clean, dry and odor-free container; locked keyboard, etc.

- Centralized approach, CAPA (corrective and preventive actions), self-inspection, sharing of data after the trip available on demand.

- Dedicated team of experts: Technical support team running 24/7, three operation centers in Miami, Marseille and Singapore.
